

Young Adult High School Program

“My place is in the sunlight of opportunity” – Martin Luther King, Jr.

ACOE's **Opportunity Academy** serves students who have previously separated from school or have been unsuccessful in school, desire a high school diploma, and will benefit from support with employment readiness and obtaining employment.

Opportunity Academy utilizes independent studies with blended learning models; incorporating computer-based curriculum, small group instruction, independent and classroom-based study options.

Opportunity Academy is in partnership with [Civcorps](#), which provides simultaneous paid job training through their Conservation Program.

What Opportunity Academy Offers

- Individual learning and support for all
- Flexible hours to accommodate work and child care
- Referral to support services
- Job readiness and training
- Opportunities for internships, apprenticeships and career placement internships
- Be part of a dynamic, independent learning environment
- For information and application:

Civicorps Conservation Program - Paid Job Training

Civicorps' mission is to re-engage young adults, age 18-26, to earn their high school diplomas, gain job skills, pursue college, and embark on family sustaining careers. Civicorps provides the following internship opportunity:

Conservation Internship

Work on a Civicorps crew with some of largest employers in the East Bay, such as CalTrans, EBMUD, and East Bay Regional Parks District. Through Civicorps' paid internships, you have the opportunity to gain valuable work experience and earn tool certifications that will help jumpstart your career.

What Civicorps Offers

- No experience necessary, get tool certifications, & earn raises & promotions
- Build your network through other internships with Civicorps or local organizations
- Support services include: on-site counseling, college & career counseling, housing & transportation assistance, & financial planning
- Earn AmeriCorps Scholarships
- For information and application: www.cvcorps.org/enroll
